## **Annual State Conference 2011**

4 - 7 September 2011

Rydges Southbank, 23 Palmer Street, Townsville

Environmental Health Australia (Queensland) Incorporated

Hosted by Townsville City Council

## CALL FOR PAPERS

The 71st Annual Environmental Health Australia (Queensland) Incorporated State Conference will be hosted by Townsville City Council and held at Rydges Southbank, 23 Palmer Street Townsville 4th – 7th September 2011, (Technical Tours on Wednesday 7th) and Noise Management Course on 7th and 8th September. The EHA NQ Regional Group conference will be held on Sunday 4th September.

This year the theme, **'Environmental Health – In Response'** will bring together presenters from a variety of disciplines across the broader Environmental Health profession to share their expertise and understanding with the Environmental Health community in the wake of recent natural disasters.

The aim of the conference is to explore the changes that need to be made to meet, eliminate or minimise the impacts on the environmental health of our communities. It will be an important opportunity for Environmental Health professionals, whether from a multiplicity of roles or a specialist role, to extend their skills and knowledge into action for results.

The success of the conference relies on contribution of papers, and therefore, the conference organising committee invites you to submit abstracts based on the key issues identified below.

## KEY ISSUES

**The aim of the conference is to invoke thought stimulating discussion and papers should reflect this request. Papers should also be within the conference theme - 'Environmental Health – In Response'**
